Logan Stevens - Lead Bass

Hello, my name is Logan Stevens. I'm a pretty typical 15 year old boy that's into rock music. I'm the bass player for this band so I mostly just stay in my corner and weep, but occasionally I might bust out a couple of cool tricks. My main instrument is guitar, which I have been playing for about 6 or 7 years now and I started playing bass about 7 months ago in preparation for this show. Outside of music, I'm a pretty comedic goofball who almost never takes anything seriously. With that, I annoy my parents and family a lot, which might contribute to why I am the last child. Just ask them. Anyways, I'll try not to ruin the songs too much so you can enjoy the show!

Quincy Meyer - Keys, Organ & Electric Piano

Quincy Meyer is a 17 year-old junior at East Buchanan HS in Gower, MO. He is a multi-instrumentalist, and plays piano, bass guitar, guitar, drums, and stand up bass. Quincy has played in multiple groups, including with Lanham Music in St. Joseph, Weymouth Studios in Kansas City, and his band, "Snow Day Jam," which has played local festivals for the past two years.

He also enjoys writing his own music. Eventually he would like to attend college and major in music, music technology, or music composition.

Micah Wolfe - Drums, Guitar & Mandolin

Micah holds a bmus performance degree from Middlesex University in the UK, and has been teaching in the northland for the past 7 years since his return to the US after 11 years in London. Micah is incredibly proud of all the hard work that these amazing young musicians have put in preparing for today and he sincerely hopes you enjoy the show!!

Woulfe Music LLC is an intensive music school specializing in private instruction and live performance on a wide range of instruments. Ideally located in the northland in the historic Imeson Park house in Platte Woods.
